We haven't heard from anyone about the status of this item despite several emails to Tricia Keene. We met with the Councilman last Fall and he promised to recognize this item as Westchester Streetscape Improvement Association's and the BID's highest priority and after all this time we don't even have a schedule for action or status report all of which just stimulates our frustration. Can you help? Thank you.

Good Afternoon Tricia...

Is there any word on the strip lots re-zoning project yet?

Hi Don,

I'll track down that info for you and get back to you with an idea of how/when this will all happen.

Thanks!  
Tricia

On December 1, 2015 the attached motion was adopted regarding the Westchester strip lots along Sepulveda Boulevard. A GPA and zone change is called for. We understand that you will be shepherding this action through the City process for our community. Can you provide some time lines, next steps, and a projected completion date?

Thanks Tricia. Please let us know how we can assist in this important, "our highest priority," project.
